PROFESSIONAL SUMMARY

Results-driven Computer Applications graduate with strong OOP fundamentals and hands-on experience in web and backend development. Passionate about building scalable systems, database optimization, and crafting efficient RESTful applications. Recognized for problem-solving, collaboration, and adaptability in dynamic environments.

TECHNICAL SKILLS

Programming: Java, C, C++, JavaScript, SQL
Web Technologies: HTML5, CSS3, JSP, Servlet, React.js
Database: MySQL, RDBMS, Database Design
Tools: GitHub, VS Code, Web Dev Tools
Soft Skills: Communication, Problem-Solving, Team Collaboration

EDUCATION

Master of Computer Application (M.C.A) *2024 – 2026*
ABESIT, Ghaziabad

- Among top 1% of batch
- Coursework: Data Structures, Java, Web Development

Bachelor of Computer Applications (B.C.A) *2021 – 2024*
Hi-Tech, Ghaziabad

- Coursework: C, C++, Java, DBMS, OOPs, Web Technologies

PROJECTS

E-Commerce Website *HTML, CSS, JavaScript, JSP, Servlet, MySQL*

- Developed a full-stack shopping platform with user and admin dashboards.
- Implemented secure authentication, product CRUD operations, and order management.
- Used MVC architecture for clean separation of concerns and maintainability.
- Integrated responsive design and optimized queries for performance.

Library Management System *Java, MySQL*

- Built a console-based CRUD application to manage books, members, and transactions.
- Added data validation, search filters, and efficient database design.
- Implemented modular structure ensuring easy maintenance and scalability.
- Designed normalized schema for fast data retrieval and reduced redundancy.

CERTIFICATIONS

- Front-end Development – Meta (Coursera, Apr 2024)
- Full Stack Developer – Offline Training (Oct 2023)

ACHIEVEMENTS & INTERESTS

- Ranked among top 1% in MCA batch
- Winner of college-level coding hackathon (2023)
- Active open-source contributor on GitHub
- Interest in AI, backend architecture, and cloud computing
